Re: Your enrollment is going on now.

**You can't predict it. But you can help protect it.**

Dear IBEW Local #245 Members:

You know the sense of security that comes from protecting what you've worked hard for over the years. And while you can't possibly foresee everything that can come your way, you can be prepared for some of the things life can throw at you. The medical expenses from unexpected accident or illness, for instance, can quickly eat into your savings today.

That's why I'd like to talk to you about Accident, Group Critical Illness, Cancer/Specified-Disease, and Life insurance from Aflac. It allows you to add that extra layer of security to help cover what major medical may not. That's because Aflac is insurance designed to help with everyday living. Here's what we can help you do:

**Protect your income** if you get sick or hurt for an extended period, Aflac insurance is designed to help with out-of-pocket expenses through different stages of care.

**Supplement your medical plan** even if you have insurance through your employer. In the event of an illness or injury, there may be out-of-pocket medical expenses that aren't covered by your plan.

**Get immediate cash benefits** paid directly to you\*, which you can use to cover things like rent, groceries, and other daily living expenses if you're ever out of work.

Aflac provides an extra layer of protection for the things you may not have planned. To learn more about Aflac, **meet with an Aflac Agent on 07/09/2015, at 10:00 a.m. to 7:00 p.m. in the Downstairs Conference Room at The Local.**

Thank you for considering Aflac for your insurance needs. You can be confident you'll always find the security and protection you need under our wing.

Sincerely,

JB Brown  
Benefits Specialist for IBEW Local # 245 Members
